DESIGN + BUILD

Looking to begin your *The Shop* renovation?

Elkay Interior Systems is offering a free consultation to get you started on the road to completion.

Elkay Interior Systems (EIS) is a global interior design and manufacturing company, offering an array of design, build, and installation services.

Utilizing our insights gained from developing and executing programmatic roll outs with top global brands sets us apart as a Hilton Preferred Millwork Vendor. We offer a unique design + build service for your *The Shop* Renovation. EIS understands the Hilton Garden Inn brand standards, and the critical nature of hotel lobby remodels.

DOING BUSINESS WITH EIS IS EASY

- We simplify *The Shop* approval process by fielding questions and navigating the corporate channels.
- We are a single source from design and project management to manufacturing and installation.
- We eliminate approval roadblocks by coordinating with all parties from the start.
- We proactively identify challenges and adjust plans accordingly.
- We ensure the quality and accuracy of your brand because we're experts specializing in roll outs of curated packages.

We simplify the complicated.

EIS is a single source for global commercial interiors. We have the ability to enter a project at any stage, and deliver a unique experience, specific to each client's needs. EIS's menu of services and dedicated team keep customers coming back.
